Como Lake

“An Endless Beauty”

Welcome to Como Lake, one of the richest places in terms of charm and culture of Italian heritage. Located in the heart of the Lombardian Pre-alps, with peaks that reach more than 3000 meters, has the unique shape of an inverted Y.

Its crystalline waters rich in flora and fauna, reaching a depth of 410 meters, make this lake one of the deepest in the whole Europe. On its shores are located Bellagio, a small and charming town, with its architectural treasures still perfectly preserved, Como and Lecco, both famous for the possibility to practice alpine sports. It's the perfect place to spend a holiday, rich in tradition, history, good food and activities, even for the most demanding visitors, not only for fun but also for relaxing: you can choose whether to rest on the beach and discover the gardens, the villages and the most beautiful abbeys, or to perform more adrenaline-filled activities, such as wakeboarding and trekking in nature.

It's located close to Milan City and the Swiss border and is a real oasis of beauty, easily accessible.

Bellagio Village Residence

Located on the shores of Como Lake, a few kilometers between Lecco and Bellagio, known as the “Pearl of the Lake”, it’s the place where the dream of a perfect holiday becomes reality.

The property offers four large apartments which share a panoramic outdoor heated pool with hot tub, a panoramic outdoor sauna with lake view and a spacious solarium terrace with garden and two beautiful independent villas, both have an outdoor heated private pool with hot tub, garden and a breathtaking view.

The architecture has a distinctly contemporary touch, which blends perfectly with the surrounding area: nestled amongst lake and mountains, the Residence also has large terraces reserved for each apartment and an olive grove of 2000 square meters with barbecue and playground area.

At Bellagio Village you can find whatever you need to make your stay unique and exclusive.

You can make a stop and admire the fantastic surrounding landscape or visit the charming villages that characterize all the countries that overlook our lake.

MOUNTAIN BIKE AND CYCLING The climb that leads to the sanctuary of Madonna del Ghisallo is one of the most famous roads in this area for racing and mountain biking lovers, and has been a stage of the Giro d'Italia on many occasions. The whole Como Lake has unspoiled corners and routes suitable for all types of cyclists.

CHILDREN We really take great care of our youngest guests. This is why we have created in the olive grove an entire playground area especially for them. Here they can have fun in complete safety with swings, a slide and a playhouse tailor made just for them.
